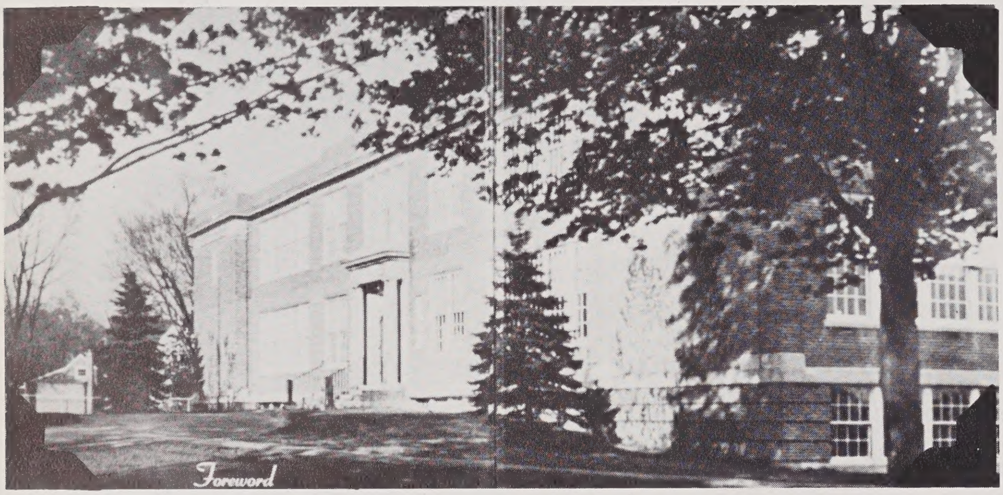
Groundbreaking Ceremony for SHS!



Saying GOODBYE to Beal!!!

Senior Ball
JUNE 10
1959

With all the brouhaha going on in the world in 1958, it is no wonder that the opening of the Shrewsbury High School generally went unnoticed. Yet since the first graduating class from the High School received their diplomas, thousands of other students have walked through the very same corridors, getting on of the best educations available in the state of Massachusetts.

It was in 1951 that there was first talk of making an addition to the Shrewsbury school system, moving the high school and junior high grades from Beal School to a larger, better equipped facility. After seven years of planning and construction, and $2,994,007 later, the doors of the new High School opened. By December 5, all classes were in session for grades 7-12.

True, this was big news for the small town of Shrewsbury, however the year 1959 was full of more far-reaching news events. Not only did Alaska and Hawaii become our 49th and 50th states, but the hula-hoop was in full swing. And while Sputnik travelled to where no man had gone before, millions of American were flocking to movie houses to experience the current rage, 3-D movies.

Every generation has its memorable traits, and the 50's were noted for the growth of "rock" music. In 1959, sock hops were still the sensation, with "At the Hop" and "Splish Splash" leading the charts. Elvis Presley was drafted into the Army, and decided to serve his country. But with all the good things happening in rock music, tragedy occurred when a plane crash took the lives of Buddy Holly and the Big Boppers.

"Are you for real?", "Cruisin' for a bruisin'", and "See you later, alligator" were all colloquialisms of the times, and 1959 can be considered the age of fads. Cramming kids into phone booths, and chug-a-lugging "foamies" were common pastimes for the youths of yesteryear. Fashion of the times consisted of white bucks and Bermuda shorts for the gals, and pegged pants for the guys.

Ah, the 50's, when a postage stamp cost four cents, and the average wage was a mere $2.26 per hour. Yet with all of the memories that 1959 holds for so many, the years to follow were to be equally unique, enjoyable, and special.

The class of '59 was anxious, though also regretful, when they discovered that they would be the first class to graduate from the new Junior/Senior High School. Although this was an honor and a thrill, the class was somewhat saddened at the prospect of leaving their "beloved Beal". They had spent three and one half years there and many fond memories were still lingering. They had their Junior Prom, with Nancy Reardon being crowned queen, elected officers, and gone about the many activities that make high school one of the most important parts of everyone's life.

All of the necessary parts that make up a high school were evident; teachers, students,

and of course, a building, but more importantly there was spirit. This spirit can be readily found in the 1959 Colonial Yearbook. There were 148 seniors in the class, participating in eight activities, seven sports, and a thriving music department, all supported by the over seventy staff members under the leadership of James Cooke, Principal, and Thomas Bannon, Vice-Principal. All of these original sports and activities are still prospering after twenty-five years, although there have been many additions during these years.

People have changed during the years, which goes without saying, and thumbing through the 1959 Colonial, it is easy to see this. Hair styles, vastly different from today's, can be observed in the Senior Section. Every male had ears, but these ears were different; they were visible for all to see. The women, however, had hair that was amazingly similar to many of the styles found today. During these years, in fact for many years, Shrewsbury High School had a dress code! Jeans were forbidden, most girls wore skirts which had to be of respectable length, and an overall tidy appearance was mandatory. But this dress code did have advantages; boys for the most part wore black-heeled shoes, and the common pastime was to pick up speed and slide down the corridor, leaving a trail of skid marks all the way, a practice frowned upon by the faculty.

Though many differences were prominent, the general running of the school was similar to that of today. Officers were elected, and ironically Jon Adams was the President of the Senior Class, assisted by John Trinder, Vice-President, Judith Lutz, Secretary, and Phyllis Fyffe, Treasurer. There was a Student Council, headed by Elaine Carlson, President, with Kenneth Turniquist, Vice-President, Gail Garland, Secretary/Treasurer, Carolyn Rigiero, and Ronald Regan. The yearbook even then was a monumental project, and in 1959, Allen Tucker was Editor-in-Chief.

When looking back, it is not student government that is foremost in one's memories. Pep rallies were common, and in 1959 people actually knew the words to our fight song, "Down the Field". This class sponsored a Senior Week in June of 1959, including Class Day. Following Class Day was the Class Banquet, June 9, 1959, held at Franklin Manor. Continuing with the year end's Senior activities, the Senior Ball occurred on June 10, at which time Lois Adams was named queen. Two days later, the climax of a high school career took place at the High School Auditorium: graduation!

This Nation, Under God

"In the long history of the world, only a few generations have been granted the role of defending freedom in its hour of maximum danger. I do not shrink from this responsibility. I welcome it. I do not believe that any of us would exchange places with any other people or any other generation. The energy, the faith, the devotion which we bring to this endeavor will light our country and all who serve it, and the glow from that fire can truly light the world.

And so, my fellow Americans: ask not what your country can do for you, ask what you can do for your country. My fellow citizens of the world: k not what America will do for you, but what together we can do fo reedom of man."

From Inaugural Address, January 2

The first full decade of the existance of the Shrewsbury Junior/Senior High School was full of mystery, tragedy, and excitement. In 1960, Brezhnev became President of the U.S.S.R. . . . John F. Kennedy became President . . . John Glenn became the first man to orbit the Earth . . . James Meredith became the first Black to enter the University of Mississippi assisted by 23,000 U.S. troops . . . and the ZIP (Zone Improvement Plan) becomes an effective system for hurrying mail along.

On November 22, 1963, during a Junior/Senior High assembly, Mr. James Cooke solemnly announced to all the tragic news of the assassination of John F. Kennedy by Lee Harvey Oswald in Dallas, Texas. This event added a sobering effect on the traditional Victory Dance and Hootenanny sponsored by the "Class of 1964". The 1964 Colonial Yearbook has a page devoted to this very special man.

Lyndon Baines Johnson took over as President in 1964. A postage stamp costs 5 cents now, up a penny since 1959, and the hourly wage in America was up to $2.61.

The Technological age was still growing, and the terrible years of Viet Nam were still to come. But at the Shrewsbury High School, the main concern of the day was getting a date for the dance.

And dance they did. Music and dance were everyday experiences for the high school student of the sixties. Victory Dances were held after the Thanksgiving day football game whether they won or not, yet it seemed they beat Auburn nearly every year! Sock hops in the gym were going strong, moving with the beat of the Beatles, the group of the sixties. Hootenanies, a lost practice at the High School consisted of two hours of socks, blankets, and sing-alongs in the decorated cafeteria. After school, everyone went home to catch Dick Clark's American Bandstand as he played the hits of the times.

When the class of '64 wasn't dancing, they were parking at Dean Park and the "Ressie". Howard Johnson's was the town hotspot as was Friendly's on Highland Street.

For a person who was not a high school or college student during the sixties, it is hard to comprehend what the times were like. The sixties have been called "The Age of Aquarius", the hippy era, and the decade of love. These so-called hippies were rebellious young people, mostly against the war that was raging in Viet Nam and a value system that seemed hypocritical. In 1967, 50,000 demonstrators filled the Lincoln Memorial and surrounding areas voicing their disapproval of the war. "Flower Power", "love-ins", and the peace sign became their symbols. In 1968, the Rev. Martin Luther King, Jr. was assassinated in Memphis, Tenn. by James Earl Ray . . . Senator Robert F. Kennedy was assassinated after his victory speech in Los Angeles upon winning the Democratic primary. Sirhan Sirhan is

convicted for the shooting. The United States detonates an experimental hydrogen bomb 100 miles northwest of Las Vegas . . . Mr. Kenneth Largess starred on the S.H.S. basketball team.

1969 was the height of the hippy era, and again most news stories were violent or tragic with anti-Viet Nam protests . . . The Minuteman missiles . . . Charles Manson and his followers . . . . Closer to home, Senator Edward Kennedy was involved in the Chappaquidic incident on Martha's Vineyard. 1969 also saw Ralph Nadar fighting for the consumer, Neil Armstrong walking on the moon as millions watched, and Woodstock, an outdoor music event in Bethal, New York, became history as an unexpected 300,000 people swarmed the area.

In Shrewsbury, the year 1969 meant the 10th anniversary of the Shrewsbury High School. The Junior High opened in 1966 leaving only grades 9-12 at the High School. So much was going on at the High School during the late sixties. Sandy Syzmanski put an end to the dress code in 1969. She one day wore jeans, and the next day the majority of the high school followed her lead. But jeans weren't enough. "The more ragged the better" became the opinion of the High School as students wore pants consisting more of patches than of original material. Mini-skirts, as well as hot pants, were in.

Dancing was still extremely popular in 1969. Large, expensive Wang calculators were "high tech", and the up-only, down-only staircase rule was still enforced. Bleachers were full at football games and Shrewsbury's team won more often than not. School food was so good that lunch period became a stampede with few teachers daring to slow the herds. Open studies in the cafeteria saw candy machines and a jukebox. Also, as soon as the secret message was given, 20 tables at a time would fall to the ground, a real earth-shattering experience. The Class of 1969 had left its mark on the High School, from its officers, lead by Philip Pahigian, President, to all the social events that occurred. The Junior Prom was held in the gym and Senior Prom took place at the Chateau de Ville.

The early 1970's can really be included with the 1960's because the mood of America had not changed. Hippies and Hotpants were in full force, and Viet Nam was a lasting nightmare. New people were getting attention in the early '70s, such as Idi Amin, the Ugandan strongman. Nixon, President since 1968, was re-elected in 1972 in a landslide victory, but resigned in 1973 in the aftermath of Watergate. "All in the Family" became number 1 on television, and Skylab I and II were completely successful. 1973 marked the beginning of the "energy crisis", with the Arab oil boycott, resulting in skyrocketing energy prices and mile-long gas lines.

In each yearbook since 1959, hair style have changed in some way. It was in 1971 that guys had hair below the ear, a style that has been popular ever since. The school in the early sixties was having a population explosion, and as a solution, the 4-day week was introduced in 1972. Each student had a day off, thus having only 4/5 of the students present at one time. This plan lasted through most of the seventies.

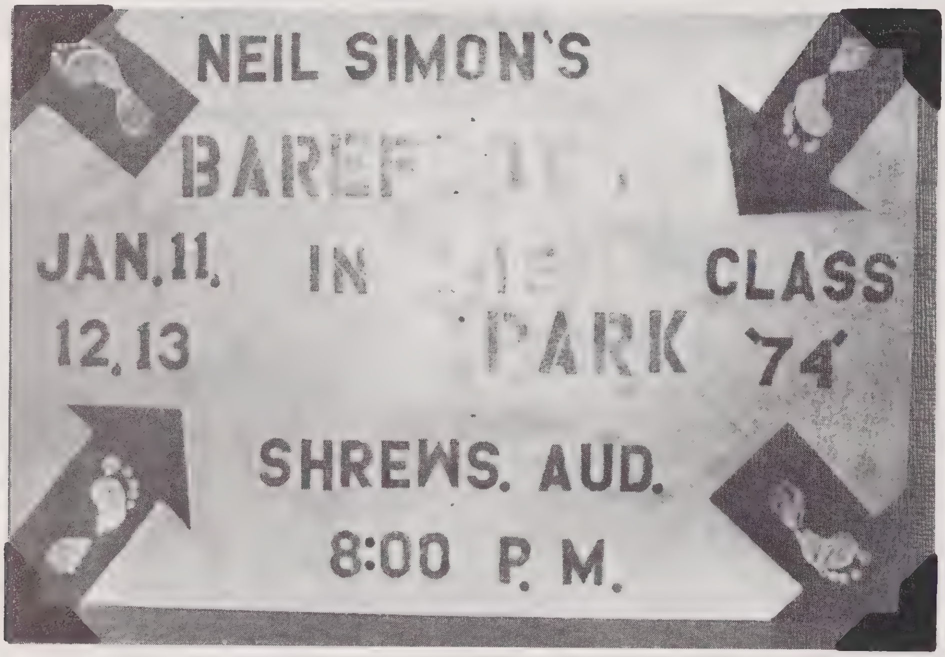
1974

The COOL 70's

BEST DRESSED!!!!



It was the BEST of times, It was the Worst of Times!!!

With the coming of 1974, it was time for the Shrewsbury High School to celebrate its 15th year . . .

1974 brought much needed relief to the American people. Richard Nixon confessed to the obstruction of justice and lying to the American people. On the lighter side of American life, Atari, Inc. introduced a popular version of electronic table tennis to the sagging coin operated game industry. It was affectionately named Pong. This simple video game served to foreshadow the coming technological explosion. At the movies, The Godfather - Part II equalled the popularity of its predecessor by winning an Oscar. And just when one thought it was safe to go to the movies, Jaws, a nightmare not only for the people who saw it but also for the owners of beach-side attractions, was released.

Although every era has its distinguishing fads, the 1974 craze proved to be more revealing than any before. "Streaking" became popular all over the country, with college campuses being especially exposed to the practice. However, Shrewsbury High School would never partake in such a blatent display of immorality, this point-to-point dash in the buff. Think again. No doubt several teachers can distinctly remember a few cases of mobile nudity at S.H.S.

The class of 1974, led by John Padavano, President, and Joel Kimbell, Vice-President, was definitely unique. In the opening pages of the 1974 Colonial, it is immediately evident that there is no dedication of the traditional sense. This class actually dedicated their book to themselves, a unique and interesting idea which demonstrates the mood of the times. Continuing on to the Senior section, it is strange to see that most of the guys in the Senior class had hair longer than their women counterparts, often shoulder length.

As times become more modern, many of the news events and fads are still fresh in many peoples minds. Few can forget the horrible suicides and murders at Jonestown where Rev. Jim Jones told his followers to drink juice which he had poisoned, after which hundreds of people died. Yet in all, the seventies seemed more settled than the sixties. Assassinations seemed less prevalent, but tragedies still occurred. Elvis Presley died in 1977 . . . "Son of Sam" Berkowitz was jailed for his mass murders this same year. Drug use became rampant on both high school and college campuses.

Music in the late seventies was undergoing drastic changes, though rock music retained the largest following. This is when disco, as well as funk/punk rock became popular, being played on "boom" boxes and tiny "walkmans". Light beer was introduced in the seventies, Woody Allen emerged as one of the finest movie writers/actors of modern times . . . yoga and health foods were making Americans healthier people.

The class of 1979 was one of the first to be caught in the new fashion trend of designer jeans. It was also the first Senior class to be required to attend classes all five days since the implementation of the four-day week.

THE LAST OF THE 70S

1979

Junior Prom Court

Having FUN at Rocky Point!!!

This class, the 20th anniversary class has the most similarities to us, the class of 1984 . . .

It seems like only yesterday when James "Jimmy" Carter was President . . . a postage stamp cost 15 cents . . . Kramer Vs. Kramer was a hit at the movies . . . Billy Joel's 52nd Street topped the album charts. All this was true in 1979. This was also the year of the Three Mile Island Nuclear Plant accident. November 3 was the day that the 90 hostages (53 Americans) were held at the U.S. embassy in Tehran. People in America were making more now than ever before, an average of $6.70 an hour!

The Colonial of 1979 was outstanding in its ideas. It was dedicated to Mrs. Marie Henry, a former math teacher at S.H.S. The President of the class was John Lanzillotti, the Vice-President was Laura Stephens, the Secretary was Mary Donovan, and the Treasurer was Meghan Flaherty. Along with the six member student council, the class of '79 conducted the traditional activities at Shrewsbury, such as the Junior Prom, with "Dust in the Wind" as the theme.

The 1980's are still a part of us all. Calculators, video games, and computers are all topics that were important in 1980, but they are equally as important now. The Iranian hostages were released in 1980 . . . Ronald Reagan became President . . . Poland was on the verge of uprising . . . Mount St. Helens erupted with 500 times the force as the bombs dropped on Hiroshima . . . John Lennon was assassinated in New York City. The Muppets were amusing the entire population, from Miss Piggy to Yoda . . . and who can forget the question of the year, "Who killed J.R.?"

1981 was the year of the cube (Rubik's of course!). Proposition 2 ½ and gun control bumper stickers are nearly as common as the Gypsy Moths. Thank you, Worcester, for the Centrum, the most successful civic center in the country. And in the music field, a sudden rebirth in the industry was caused by the popularity of television videos, causing some groups and singers to claim unbelievable success, such as Micheal Jackson's record breaker "Thriller"

At Shrewsbury High School, changes were coming fast. First, a rededication of the building occured on January 17, 1982 following the additions of the building. The Computer Science department had doubled in the last year. The High School replaced the traditional Principal with a Headmaster/Housemaster system. Mr. Kenneth Largess, former student and basketball star, became Housemaster of the Gold House. 1983 saw the Junior High become the Middle School and the High School housing grade 8. Students were allowed only 12 absences and 100 credits were now needed for graduation Where are those good old days? Actually, few would argue that the "good old days" were any better than today's are and tomorrow's will be. The class of '84 is still receiving one of the best educations available. We all must be proud of the history of which we are now a part. As often as it has been said, it is true, that these are "the best years of our lives, yet."

"We must lift the sail
And catch the winds of destiny
Wherever they drive the boat.
To put meaning in one's life may end in madness,
But life without meaning is the torture
Of restlessness and vague desire -
It is a boat longing for the sea and yet afraid.

-E.L. Masters.

HAPPINESS

Happiness is like a crystal,
Fair and exquisite and clear,
Broken in a million pieces,
Shattered, shattered far and near.
Now and then along life's pathway,
Lo! some shining fragments fall;
But there are so many pieces
No one ever finds them all.

Eyeball to Eyeball: Total response' Talking Heads: **Our Cup Runneth Under** MAJOR CELEBRATIONS

Would you tell us why? graceful entrances

In September of 1980, our Freshman class entered the High School with bright, smiling faces. The school was being renovated and an addition was being built. As Freshmen, we really didn't need this extra confusion. Our lives were hectic enough worrying about upperclassmen, and getting accustomed to the new school. With men always hammering on the roof, and classes being relocated, it appeared we were in for a long wait for the infamous, "1984"!

We were ably led into the turmoil with ***Kathleen Curran*** *as President,* ***Kristine Collins*** *Vice-President,* ***Theresa Quinn*** *Secretary, and* ***Kevin Lacouture*** *Treasurer. Our newly elected Student Council members were* ***Wendy Beede, Michael Glazer, Edward Green, Lisa Leicht,*** *and* ***Maria Lyons.***

We were fairly new at fund-raising. Our first effort was selling carnations at Christmas. This was enjoyable and gave many of us a chance to impress our sweethearts (but how many freshmen had sweethearts?) It was not, however, a big money-maker ($135.00). In the spring, we tried to sell first-aid kits. Many of us can still find our original Lifelines materials hidden somewhere in our house.

Returning as sophomores, we actually felt like a part of the school. It was a school of which we could be proud; the additions enhanced the efficiency and improved the look of the building.

Kathy Curran *returned as President,* ***Christine Neddo*** *was now Vice-President,* ***Theresa Quinn*** *was Secretary, and* ***Michelle DeCoteau*** *was Treasurer.* ***Karen Kossel*** *replaced* ***Maria Lyons*** *on Student Council.*

In an effort to get the class to pay its dues, a pizza race was held in December. The homeroom that brought in the most dues got free pizzas for the day. Homeroom 225, monitored by ***Mrs. Bartelson,*** *won the contest demonstrating both spirit and hunger.*

In May, we staged our big fundraiser for the year. We held a flea-market/car wash at the High School. All who attempted to help out had a great time.

Junior year was the year that we first began to feel our power. To get through this year meant only one year until graduation. People began to "rev up" their motors in anticipation of getting their licenses. A new absentee policy, however, conflicted with these new licenses as many student were seen leaving the parking lot during classes, often for lunch (can you blame them?). In response to this, the teachers bore down, giving us more work than ever before. There was hardly time to go to the football games to watch the big upset over first-ranked Hudson, and to enjoy Mr. Vella's superb marching band. Culture descended on us unexpectedly in the form of a Humanities program, which was the first of its kind in Shrewsbury. In order to assure that brain cells were functioning properly for the new academic demands, the cafeteria added deli meals to the menu (watch out McDonalds!). SHS received a group of Spanish exchange students in the fall, and so the halls echoed with students attempting to learn how to say, "Where is the toilet?" The PSATs came up rather quickly and stunned most of the students except ***Mike Doheny, Pamela Culbreth, Dave Goss, Steve Kirk, Julie Upper, Brian Risk,*** *and* ***Jon Nelson*** *who all received National Merit Commendations. No one was more startled than they were. The Junior Class play packed the house. "Sorry, Wrong Number" and "The Spiral Staircase" had audiences shouting "Bravo" and the plays helped raise the money needed for graduation, to the delight of President* ***Kathy Curran,*** *Vice-President* ***Michelle DeCoteau,*** *Secretary* ***Theresa Quinn,*** *and Treasurer* ***Kevin Lacouture.***

On the sports scene, the girl's track team streaked their way to their 100th consecutive dual meet win and captured the District Crown, and eventually became state champions. While in roundball, the boy's basketball team made its way to the semi-finals of the District and Clark Tournaments. The Chris Evert Lloyds of Shrewsbury High School served and rallied their way to the District finals in one of their best seasons. The baseball season was, as usual, a tremendous success. The SATs crept up on most Juniors like a fog, which many students found themselves in during the test. However, scores were respectable.

On May 7, in the gym, T-shirts and jeans were transformed into tuxedos and gowns as the class headed for "Castles in the Sky" and their Junior Prom. In a demonstration of excellence, ***Mr. Pottle*** *was named Massachusetts Teacher of the Year, and the press descended on SHS in an attempt to see him hypnotize a chicken or a student with his teaching skills. Recognitions (with apologies if we've overlooked anyone - you know you're great), included* ***Jon Nelson*** *and* ***Jim McCurdy*** *heading for the National Competition for the National Forensic League;* ***Jon Mills, Dave San Clemente, Jon Nelson, John White*** *and* ***Brad MacKenzie,*** *Boys' State representatives;* ***Jenny Taylor,*** *Girls' State representative;* ***Harry Ziff*** *and* ***Karen Kossel*** *selected for the Massachusetts Advanced Studies Program;* ***Dave Goss*** *received the Harvard Book award and attended Worcester Polytechic Institute's Math Program; and* ***Pam Culbreth*** *won the Holy Cross Book Award.*

48 Junior Class members were inducted into the National Honor Society and captains of all athletic teams were named. Sorry, too many names to include all of you. All in all, it was a good year. But the best was yet to come! We were going to be Seniors. Talk about power!

Senior Year.

The football team went through a difficult season, but performances by many marked the great spirit and effort of the team (which its record did not reflect). Students began to plan for careers, the military, college, or dropping out. The Jobs for Bay State Grads program got under way at the High School and students applying to colleges were recalling information learned at the first college-admisions seminar. Parents were busy filling our financial aid forms and students were busy deciding which school would be honored by their presence. The National Honor Society and the Student Council, under Presidents ***Mike Doheny*** *and* ***Wendy Beede,*** *held a Halloween Party in the cafeteria. Dressing in disguises was a refreshing break from seeing only food in unusual disguises.* ***Brian Risk,*** *with his Mr. T haircut, came as himself. In November, the magazine drive raised $2500 in two weeks for the student activities. "Weepul" - mania swept through the school like wildfire as students competed for high sales.* ***Jon Cameron*** *topped the list of prize winners in the contest. How can anyone forget the Student Faculty Variety Show? This event placed students side by side with such names as* ***Mr. Ferris*** *(Dorothy!) and* ***Mr. Mills*** *(Beav!). The show was a success and the money went to the 1984 Colonial. Other fund raisers included the raffle of a Cabbage Patch Doll donated by* ***Mrs. Lacouture*** *(Thanks) and an alumni-team basketball game. Students from the High School, headed by* ***Nicole Desforges,*** *participated in the March-of-Dimes radio-a-thon at the Auburn Mall, and Members of the National Honor Society visited the nursing home for a Christmas get-together between generations. Valentines Day cards were forwarded to senior citizens in the Shrewsbury community. Five seniors placed in the top twenty percent of the Massachusetts Math Olympiad, and Steve Landry with the rest of the "Locomotion Gang" got the whole school dancing at the latest pep rally. Class President* ***Harry Ziff,*** *V.P.* ***Michael Doheny,*** *Secretary* ***Terry Quinn*** *and Treasurer* ***Kevin Lacouture*** *say that the Senior Prom, to be held at the Sheraton Boxborough, to the music of "Down East", should be another opportunity for the whole class to put on their dancing shoes. The Senior Trip (destination unknown) should be enjoyable for all, and it is one of the last times the class will be together. Of course, all our sights are set on the final "Pomp and Circumstance" - Graduation! Free at last - Free at last. Looking back, it has been a great four years.*

WE PITY THE FOOL
WHO DARE
THROW A SPONGE
AT

We the class of 1984 leave the following along with anything else we happened to forget on the way out.

June, 1984

I, **Laurie Adams**, leave memories of Westminster '83 to Zack, Bruce, Mike, and Uncle Jack.

I, **Lisa Albright**, leave my vocal cords to science.

I, **Dave Alexandrovich**, leave to my two younger brothers, the wishes to have a wonderful and fun-filled 4 years of High School, Good Luck, Dave.

I, **Christopher Bacotti**, leave my sarcastic wit and cynicism to anyone with enough intelligence to use them.

I, **Leigh Beckwith**, leave Theta Alpha to Shrewsbury's finest with the best of luck.

I, **Wendy Beede**, leave Heather a sleeping bag at the Rezee, memories of First Night with Wayne, and memories of many other MUNGA times.

I, **Keith Belanger**, leave my brother Sean, the nickname Juice to carry on.

I, **Don Benjamin**, leave all my pain and headaches to my little brother Jay.

I, **James Benson**, leave Mr. Goyette peace and tranquility for the rest of his years at Shrewsbury High.

I, **JoAnne Blanco**, leave my sisters June and Cindy a carton of pistachio ice cream and much luck at Shrewsbury High.

I, **Christopher Blisard**, leave the hallways of SHS to be wandered by my younger brother Peter.

I, **Jeff Borghi**, leave Sue to absolutely no one in the school and my six-shooter to Mr. Hodgen and #1 spot to Noel.

I, **Kathy Boucher**, leave looking forward to see what the future will bring.

I, **Christine Bowles**, leave the name Kemo for Neich to always remember.

I, **Lorrie Brodeur**, leave the haunt to some other SAP!!!

I, **Patricia Bunnell**, leave behind Kim, Amy and Bobbie Joe, 3 special people.

I, **Rich Bunnell**, leave my locker empty.

I, **Stephanie Burgess**, leave my sister Alyssa 3 more enjoyable years at SHS.

I, **John Cameron**, leave to any Junior as blindly patriotic as Brian Risk, my hair.

I, **John Cardwell**, leave gladly.

I, **Anthony Catalina**, leave all my one-night stands behind.

I, **Lynn Chalmers**, leave my gym locker to anyone who is short enough to reach it.

I, **Bob Chick**, leave Jeff Lewis to keep an eye on Heather for me; Thanks Jeff (I think).

I, **Tina Christopher**, leave SHS one more Christopher to go.

I, **Stephen Coghlin**, leave all my dissected animals to Mr. Donald Pottle because he is a real true friend.

I, **Kristine Collins**, leave ONLY to be with Michael Kelley.

I, **Steve Corazzini**, leave Shrewsbury High School the memory of the world's best pop group - The Beatles - and the memory of JOHN LENNON.

I, **Amy Cormier**, leave my dimple to Miss Dolan.

I, **Stephen Coulter**, leave Dad to be the last Coulter in SHS.

I, **John Couture**, leave David Souda a half year of school left.

I, **Paulette Couture**, leave my cousin Chris the family nickname "COOCH".

I, **Karla Creely**, leave my brain cells at Worcester Center.

I, **Kenny Cross**, leave the same way I came in.

I, **Pamela Culbreth**, leave my Drive of the Year 1983 status to anyone in 1984 who acquires my tremendous ability and coordination.

I, **Kathy Curran**, leave Mary Beth all the tricks about how to avoid getting caught and 100 losing Megabuck tickets.

I, **Sandy Dahrooge**, leave Mary and Vir to grocery shop for grapes and beans all alone.

I, **Bernie D'Agostino,** leave my speed to anyone who can catch it.
I, **Janice Dalton,** leave behind all bad times.
I, **Kathy Darcy,** leave Belle and Belle another year with J. and J.
I, **Matthew Davies,** leave the school food to all the poor underclassmen who still have to eat it.
I, **Lee Davolio,** leave Commander Zero a new watch.
I, **Gerald Decatrel,** leave Mr. Smith and Miss Dolan alone.
I, **Michele DeCoteau,** leave an "Ambush" to my bestest friend as well as "pbstt" on the tummy.
I, **Kenny DePalo,** leave Vinny Mattero to another year at Shrewsbury High.
I, **Joe Derry,** leave one set of tires to Mr. Smitty.
I, **Nichole Desforges,** a year's supply of ice cream cones to Beth.
I, **Dave DiCicco,** leave all the good times at Shrewsbury High to the underclassmen.
I, **Gary Dileo,** leave nothing, I'm taking everything with me.
I, **Mike Doheny,** leave an infusion for R. LaCroix and a "thank you" to Mr. Nault.
I, **Lee Donohue,** leave my beer cap collection to my brother, Craig.
I, **Tracy Donham,** leave my eyelashes to Alicia, half time shows to Scott, and Bwaaa to Sue.
I, **Elaine Duchesneau,** leave many thanks to my friends for all the great times!
I, **Michael Duesberg,** leave my little sisters good luck and all my worries and books.
I, **Nancy Eaton,** leave Becky with two more years of SHS and a lot of great memories.
I, **Brian Eichmuller,** leave Vance Munro for another three years of SHS.
I, **Frank Ennis,** leave Shrewsbury High to my brother and sisters - If I made it, you can!
I, **Rita Ernenwein,** leave my rabbits to roam SHS corridors.
I, **Louis Falcone,** leave to become a Solid Gold dancer, or a priest, whichever comes first.
I, **Michael Filiere,** leave the last set of Filiere footprints in the halls of SHS.
I, **John Fitzpatrick,** leave my Mustang for anyone good enough to fix it.
I, **Liz Folsom,** leave as the last Folsom to graduate from SHS.
I, **Cliff Fountaine,** leave Lynda a ride on my go-kart? Soon?
I, **Michelle Franklin,** leave Mr. Tsombakos special thanks for everything and my brother Robbie lots of luck.
I, **Lori Gabriella,** leave Dickie Lord to Mrs. M for another year.
I, **Suzanne Gallagher,** leave Amy a dollar for gas, Nicky a sweaty face mask, Sheila my huge sweatshirt, and the high jump record to anyone who can beat it.
I, **Bob Gaudette,** leave best of luck to Angela to find someone just like her cousin did.
I, **Sue Ghize,** leave to my sister Kerry four great years at Shrewsbury High.
I, **Michael Goodwin,** leave my parking space to my brother Kenny and if Nancy is lucky, she'll get the Le Mans.
I, **David Goss,** leave the Table Tennis Club to anyone who does not think it is a waste of time!
I, **John Gouley,** leave Jeff my wisdom, personality, and my athletic skills.
I, **Jayme Gradilone,** leave some soccer sickness and the team to Kristin, and Myra to Mr. Largess to keep her out of trouble.
I, **Lisa Greene,** leave anything I might forget on my way out to my sister Deanna to deal with.
I, **Tom Griswold,** leave taking pictures to someone who knows the proper technique.
I, **Jill Grosse,** leave right behind Mark Olson.
I, **Lynn Gulledge,** leave behind Ann, Leo, and Paul who mean a lot to me.
I, **Debbie Habib,** leave Shrewsbury High my two younger sisters, Tammy and Terry. "Good Luck!"
I, **Lynne Hanson,** leave my blond hair for any brunette or redhead who deserves it.
I, **Bruce Harrington,** leave Diane and 3 Alex. Bros. a wish for good luck and success in their futures; and Zack all the money in the music wing ceiling.
I, **David Hirtle,** leave the "Demon" to my brother Dean.
I, **Linda Hoey,** leave memories of great times and hard times behind, and my Avon book for someone to take over.
I, **John Hogan,** leave first place in the next Battle of the Bands to whoever deserves it the most.

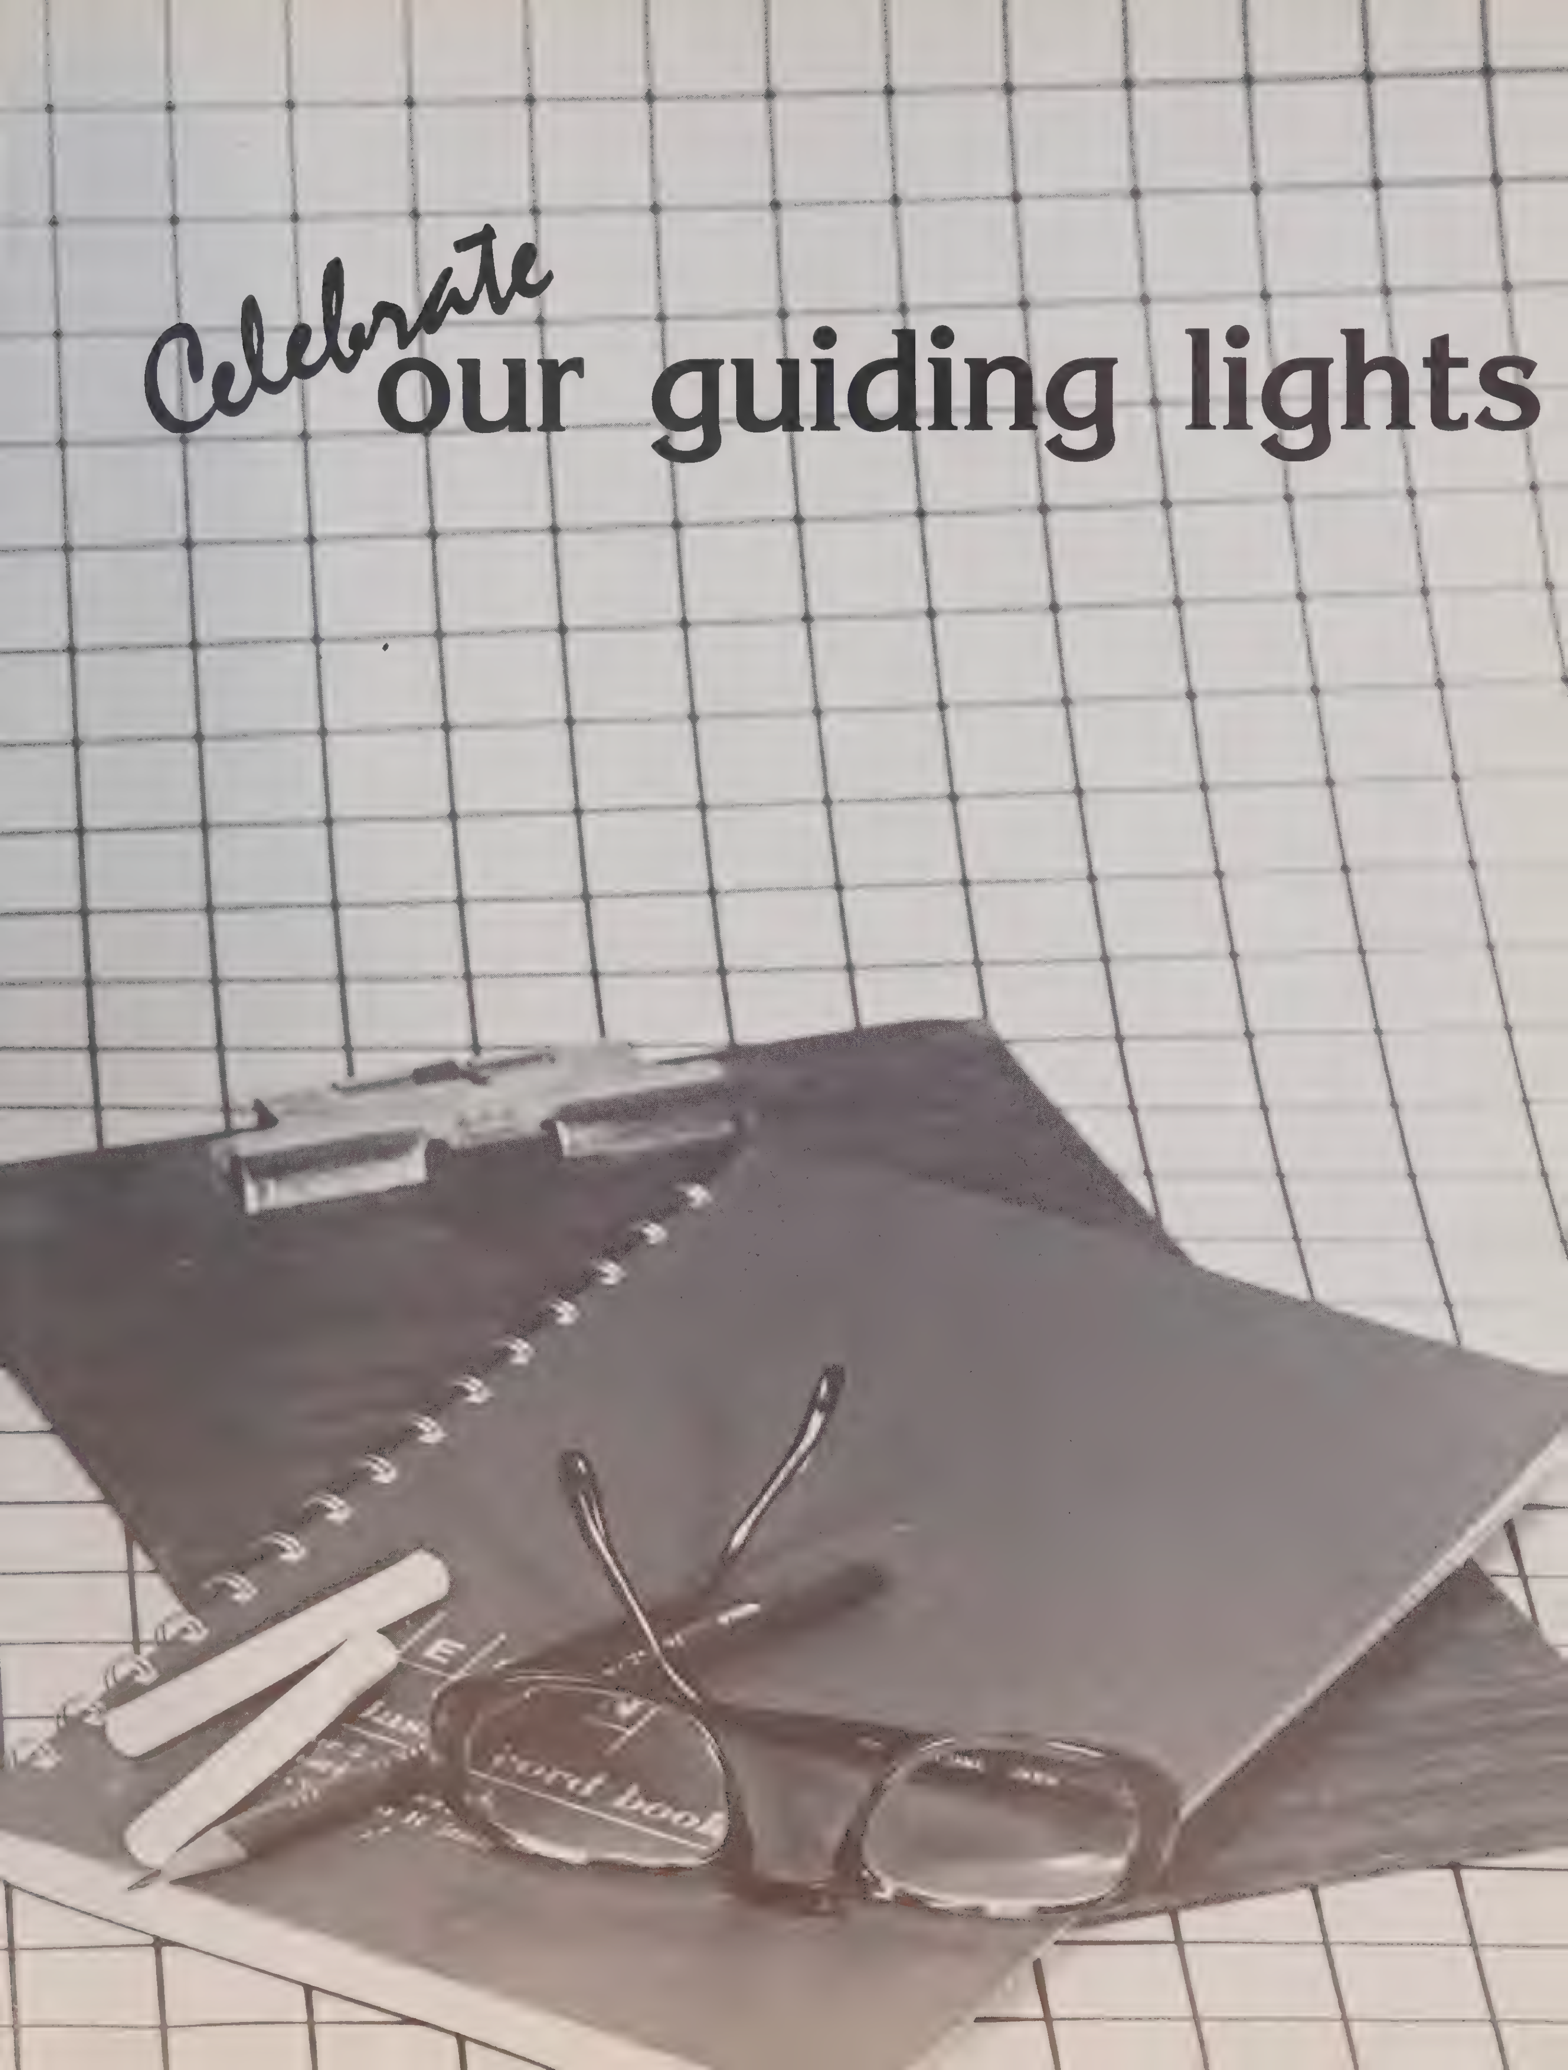
Celebrate our guiding lights



It is the easiest thing in the world to insult and bad-mouth teachers while in school, and yet they have succeeded (in most cases) to mold (and possibly mildew) us into full, good-natured people. "Our guiding lights" have supported us through bad times as well as good. Putting it all in perspective, teachers have contributed more to our development than anyone aside from parents.

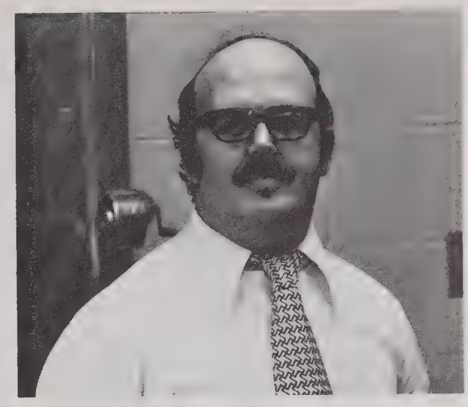
In the beginning, there was Lester "Pop" Dyer, the Superintendent of Shrewsbury school system in 1959. He reigned over the schools for many years assisted by numerous able administrators. At the high school, James Cooke, the Principal, was helped by the Assistant Principal, John Jacobs. Thomas Bannon, alias "The Creeper", was Vice Principal and also a wonderful sneak! The faculty was composed of 74 members, including our own Mr. Nicholson, Mr. Coulter, Mr. Vella, Mr. Rawson, Mr. Kleminich, and Mr. Sullivan who was at that time the senior class advisor.

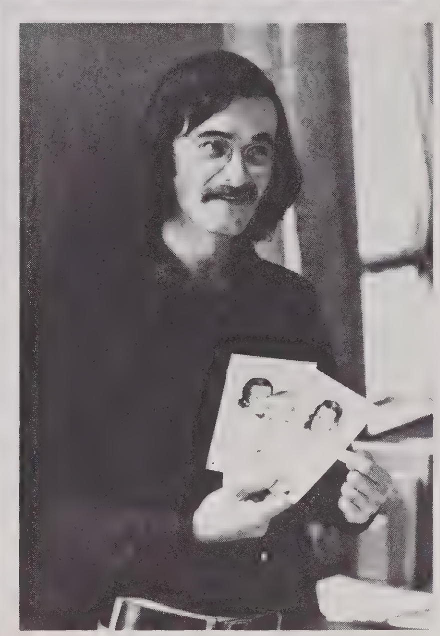
The faculty has changed far too many times throughout the High School's history to recognize them all. However, some teachers have excelled both as faculty and as friends. Mr. Nicholson was presented with the dedication of the 1961 yearbook, an honor that very special people have received for 25 years. In 1964, some memorable faces were put on the payroll at SHS including Mr. Tsombakos and Ms. Hubbard (not more English teachers!). The original administrators were still present and watched over a flock of 68 faculty members.

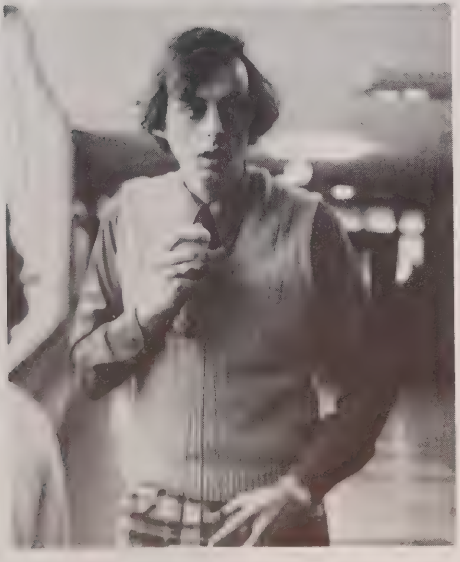
The decrease in staff was due to the moving of grades 7 and 8 to the new Junior High.

Between 1965 and 1969, Shrewsbury High had a series of Superintendents. Mr. Sam Strickland was acting Superintendent during the 1965 year. 1966 to 1968 Shrewsbury was guided by Dr. Edward Manning; and again in 1969, Mr. Strickland took over as interim Superintendent. At this time, the faculty had grown to 83; it just goes to show what a war can do! Several of the department heads had retired during these years and were replaced by Mr. A. Smallidge, English; Mr. T. Lekas, Social Studies; Mr. L. Vella, Music; and Mr. M. Kleminich, Physical Education.

Mr. Irving Agard was appointed Superintendent of Schools during the turbulent times of the 70's. 1970 also saw a testimonial dinner to honor the retirement of Mr.







James Cooke, having been connected with Shrewsbury Schools for over 40 years. In 1974, Mr. Robert Hutchinson and Dr. William Clarke were appointed curriculum coordinators. Mr. Theodore Lekas was now Principal, aided by two Vice-Principals, Mr. Joseph Montecalvo and Mr. Ralph Yagjian. 96 faculty members were trying to make the four day week a success; mini-courses abounded, and the Class of 1974 dedicated their book to themselves. Miss Millie Shea, director of the Business department, retired and was eventually replaced by Mr. Edward Siff, who returned to the Business department after having been a member of the Guidance department.

Our present Superintendent of Schools, Dr. John P. Collins, acquired this position in July of 1978 at which time Mr. Charles Ferris was head of the Guidance department.

The class of 1983 was the first to experience the sensation of having a Headmaster/Housemaster plan as opposed to the traditional Principal. Mr. Charles Ferris went from teacher, to Guidance counselor, to the school's first Headmaster. The school was segregated into two houses; upper classmen constituted the Blue House with Mr. Joseph Montecalvo as Housemaster; grades 9 and 10 were guided by Mr. Kenneth Largess in the Gold House. The 1983-1984 season brought yet another change to SHS. Many students having finally "escaped" the Junior High were shocked to find that they had been followed! Accompanied by many Junior High teachers, the entire eighth grade class found a new home at the Shrewsbury High School.

Every student has fond memories of that teacher who does a little extra or does something different. Whether it be in 6th grade making dried apple dolls with Miss Abraham at Spring Street School, or participating in Senior Citizen's Day in Mrs. Reese's class, certain memories will be retained forever. You have to give credit to the teacher that tried to teach sixth graders square dancing, but it was the kids who taught the teachers disco. Lunch boxes and recesses have been stored away along with memories of Mrs. Hogan's ostrich walk and that very special teacher who first taught you how to write your name (sort of brings a tear to your eye). So say what you will of these great pillars of society, but someday you, underclassmen, too will look back with the fondest of memories.

__Dr. John Collins__ has been Superintendent of the Shrewsbury School System for the past six years. The one major event he recalls from these years is the '82 Renewal. This included the change from a four to a five day week, the renovations and additions to the high school, and the total reorganization of the school system. This reorganization included the closing of three schools and making the elementary level K-4, the middle school level 5-8, and the high school level 8-12.

__Dr. Collins__ has also introduced the Future's Committee which is in its third year, and is composed of teachers and administrators who look into the future. This group has written two reports, both pointing toward the Telecommunications Revolution and the future of the computer in the Shrewsbury School System.

According to __Mr. Donald Grady,__ Chairman of the School Committee, the Class of 1984 is one of the first classes to experience the many changes that have occurred at Shrewsbury High School during the past five years. These improvements, such as the creation of the Math-Science and Humanities Departments, expansion of the Computer Study Program, the administrative re-alignment within the school, the newly renovated and expanded facility, as well as significant changes in the curriculum, were all intended to meet the needs of the students, and enhance services provided them.

***Mr. Charles Ferris** began teaching at Shrewsbury High School twenty years ago. During his first fourteen years, he taught both chemistry and biology. He was later appointed Director of Guidance and remained in this position for three years until he was selected Headmaster of the High School and Junior High in 1981. Academically, he recalled, Shrewsbury High has always been outstanding, and with the reorganization of the school system, SHS will uphold its reputation for many years.*

Reflecting on his past years in Shrewsbury, both as a student at Major Beal High School, and as a teacher/administrator at Shrewsbury High School, ***Mr. Joseph Montecalvo*** *highlighted some of his more memorable moments: students never used the front door at Major Beal unless they were carried out; students were allowed to walk to the center library on their own, providing they made no stops along the way; however, students were not allowed even a whisper while passing to classes. A former football star for Shrewsbury, Mr. Montecalvo was the only player ever to be K-O'd by a goal post!*

In 1972 ***Mr. Largess*** *began his teaching career at Spring St. School, until 1981 when he transferred to Shrewsbury High to fill the position of vice-principal, and later to be appointed as Gold House Housemaster. One of his more memorable moments includes having a new office every year. As a student at Shrewsbury, Mr. Largess was a member of the championship basketball team that won eleven major championships.*

ALTERNATIVE SCHOOL

During the summer of 1977, Shrewsbury High School inaugurated a program named "Far Horizons" for the student who needed a different approach to learning. Six teaching teams, two guidance counselors, and a music teacher participated in this program which was directed by ***Jeff Robbins.*** *In subsequent years, Far Horizons became known as the Alternative School, and was located off campus at the Worcester Foundation for Experimental Biology, Trinity Church, and presently at Beal School.*

Looking Back— Teams of the Past

1959 -Varsity

1959 -Crew

Every high school likes to boast about its fabulous sports teams and their histories. Shrewsbury High School has a right to be proud of its past 25 years of athletics. Since the new Junior/Senior High School opened in the Fall of 1958, the number of sports open to the students has more than doubled, giving all students the chance to participate in the sport which interests them the most. There have been numerous winning teams at S.H.S., and all have had their share of defeats as well. Some sports have long histories full of tradition, and others are just beginning to form theirs now.

The class of '59 was the first to take advantage of the new facilities of the High School. At this time there were 7 sports open to students. Football, baseball, and basketball were the "Big Three" at Shrewsbury, although it was still a privilege to participate in the other male athletic programs, crew and cross country. Michael Kleminich was the varsity basketball coach in '59, and 25 years later, he is Athletic Director at Shrewsbury High School. In 1959, only the baseball and cross country teams had winning seasons. The girl's also had opportunities to play sports, namely basketball and field hockey. The girl's basketball team had but two losses in this year, and the field hockey team only one loss. The 1959 year also had a nine member cheerleading squad, captained by Judy (Lutz) Polito.

1961 saw the first appearance of the boy's track and golf teams in the Colonial yearbook. The track team was coached by Mario Machiscio, and the golf team was headed by Paul Zaido and found its home at the Juniper Hill Golf Course in Northboro. Both teams had very promising futures then, and time has proved them worthy of the S.H.S. distinction. The beginnings of gymnastics for both males and females can be traced to 1965. In the 1965 Colonial, this group was given the title "Gym-leadership". The sixties were a bustling time for all the sports, a time when home games were "standing-room-only". The '66 yearbook boasted that the baseball team had made it to District 3 Playoffs for 3 consecutive years. In 1967, the football team won the Class "B" Title, led by captains Carpenter, Catalina, and Townsend. Also, the basketball team, captained Mike Cipro and Gerry Ferrante, was able to rebound from 3 straight losses to go undefeated for the rest of the season, capturing the Midland League and Central Massachusetts Conference Titles. Victories through these years were numerous. These teams had conquered the sixties and were ready to tackle the seventies.

The basketball team of 1970 was the first in 3 years that saw defeat in the Midland League, but the cross country team was able to succeed where the basketball team had failed . . Midland League Champs! Under the leadership of J. Kimball and S. Smith, and coached by T. Hennighan, basketball made a comeback in 1972, winning in both the Midland League and the Clark Tournament. The Football team was also hailed as finally reaching the top, also becoming Midland League Champs this year. 1972 was a milestone in track history for Shrewsbury High . . . our team now had a modern track in our back yard! A new sport was formed in '72, a varsity soccer team for boys, captained by T. Catanzaro and P. Josephson, and coached by D. Hersey. This first year had a small squad, but there was much hope for the future success of the team. The Colonial devoted a page to the Shrewsbury Youth Hockey team. Though not actually a school sport, this showed that there was interest in the sport which foreshadowed the coming of a school hockey team in the coming years. This super year in sports at S.H.S. also spawned the indoor track team and the tennis team, which played on the High School's new courts. 1973 was the first year for the girl's softball team. Cheryl St. Onge was the catcher for this new sport, and she later became coach of this successful sport. It was time for the girl's basketball team to get equal time in the spotlight. In 1974, they were Midland League Champs as well as the winners of the precious Clark title, led by B. Russell, D. Kirby, and P. Carey, tri-captains. Girl's Gymnastics officially became a school sport in 1974 as did the wrestling team. The 1974 season was an impressive one for our Colonial trackmen, with six school and two

league records being set. Girl's track had a full two page spread in the Colonial, and the girl's and boy's tennis teams were active. 1975 was again a good year for the baseball team, being labeled as "the team to beat in '75". The Golf team, coached by William Coulter and captained by Henry Sullivan and Bob Harris, had an unprecedented year, capturing the Midland League title and finishing sixth in state competition. Gymnastics grew in popularity in '75, thus creating a demand for a boy's team although it only lasted until 1980. Lake Quinsigamond welcomed the new girl's crew this year, coached by Barbara Caron. "The best year ever" was the headline in the 1976 Colonial for the indoor track team, finishing with a 5-1-1 record. 1978 was another outstanding year for the girl's basketball team who were Midland League champs and for the first time went undefeated in their league. The boy's track team became Midland League champs again, the only time that this team was undefeated. The Girl's track team was running very strong in '79, and Brian Ryder, a member of the S.H.S. baseball team, was drafted in the first round of picks by the New York Yankees.

In 1981, many much needed repairs and additions were made to Shrewsbury High School. Among these additions were a weight room, an aerobics room, and a fully equipped trainer's room. The latest addition to the athletic department was in 1982, when the Shrewsbury High School hockey team officially became a school sport. This team was led by Coach Irving and captain Brian Loiseau. The eighties proved to be less spectacular than some of the earlier teams. This can be attributed to a larger number of sports open to the students, and also to the lure of private schools which has taken many excellent athletes. However, each team strived for the best performance possible. Although winning is always the ultimate goal, emphasis is now put on individual participation as well as on teamwork. One noteworthy demonstration of excellence is the girl's track team, who in 1982, was victorious in their sixth straight season, winning each of their last 100 meets. Martha White, a superb runner of the class of '83, recently was accepted to the U.S. Olympic Training Camp.

Traditions are strong, and each year adds to the legacy of Shrewsbury High School athletics. Hopefully the enjoyment of participation will never become secondary to the desire to win.

Although it is impossible to mention all of the great events and stars in the world of sports, one man has earned the right to appear in the 1984 Colonial. This legend is Carl Michael Yastrzemski, known to the world as "Yaz".

Yaz was born in Southampton, L.I. on August 22, 1939. For 23 years, he entertained the fans in Boston. His long career has enabled him to excel in 15 categories, including holding the record for the most games played and being the only American League player with more than 3000 hits and 400 home runs. The era of Yaz ended Sunday, October 2, 1983.

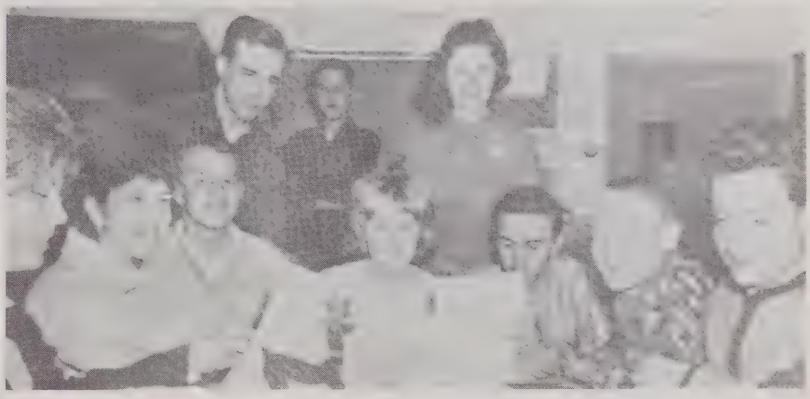
Certain clubs have become traditons at SHS. The National Honor Society (NHS) has long been an extremely active, selective group consisting of the scholars and good citizens. In 1959, 27 members were headed by a team of 5 sponsors, **Mr. James Cooke**, **Miss Ethel Sawin**, **Miss Mildred Shea**, **Miss Helen Parks**, and **Mr. William Donovan.** Of equal importance, the Student Council has become a vital organization responsible for much of the work needing attention at SHS. The 1959 **Colonial** informed its readers that these students do run the school, and it is true that the Student Council has a good amount of clout. **Mr. Cooke**, **Miss Sawin**, and **Mr. Bannon** were the directors of the group in 1959, and after 25 years, the Student Council still represents democracy in action. Other clubs of 1959 included the National Forensic League (NFL), a group of talented orators, extempers, and debators led by **Miss Elizabeth Rowe** and **Miss Dorothy Churchill.** This club has been not only active, but trememdously successful, winning competitions for 25 years through hard work and devotion. The Masque and Wig Society, guided by **Miss Elizabeth Rowe,** gave the school a little taste of the theater. In 1959, the **Town Crier,** the SHS newspaper was advised by **Miss Mary O'Hara** and **Joan Tetrault** had the honor of Editor-in-chief. Finally, a small group of senior girls were helping **Mrs. Flagg** in the library. This Library Science Club, or 020 Club as it was named, taught the girls to be gracious, helpful, knowledgeable, and friendly; all qualities needed for library assistance.

The Science Club was started late in 1959 by **William Donovan,** but its first full year was 1960. Along with these now thriving activities, 1960 saw the birth of the Shomty organization. Standing for SHorthand, Office Machines, and Typing, this club taught business oriented students valuable ideas necessary for success in the "real world". **Mr. Richard Gow** and **Miss Joanne Neviera** were the advisors in Shomty's first year. The Junior Red Cross also made its debut in 1960. **Mrs. Eleanor Gaucher** advised the club. Various scientific interests were explored in this club of an amazing 35 people. Lastly, the Gym Leadership Club was building strong bodies in 1960. Our very own **Mr. Michael Kleminich** was advisor as was **Mr. Ralph Pendleton.** Four new clubs in just 1 year in the new building . . . even then the student body was a spirited lot. 1961 continued this explosion of extracurricular activities, this time with strong emphasis on the languages. Latin, French, and Spanish were the subjects of new clubs in 1961, showing that some students can never learn too much. The Latin Club was headed by advisor **Mr. Henry Sullivan. Miss Joyce Power** was advisor of the reorganized French Club. After a two year hiatus, the club was in full force. The Spanish Club was advised by **Miss Pauline Howard** in 1961. The Biology Club was a sprout of the larger Science Club. Such activities as investigating the care and feeding of brine shrimp were coordinated by advisor **Miss Lois Litz.** Lastly, a truly commendable interest was honored with its own club, the Chess Club. The club was formed by **Miss Louise Iarussi.** The total number of clubs was now at 15 in just 2 short years! As things began to stabilize at the new bulding, there was only one new entry to the club roster in 1962; the Homemaking Club advised by **Miss Ellen Holmes.** As consistent as ever, 1963 saw more advancement in extracurricular activities. Females had finally realized what a good things the boys had with the Boy's Gym Leaders, and so a counterpart was formed: the Girl's Gym Leaders. The Y-Teen Club is a type of YWCA on the school level, and promoted fellowhip. 1963 also saw the demise of the Chess Club as well as the Biology Club. New in 1964 was the Journalism class with **Mr. John Tsombakos.** Also, the Darkroom Club under **Mr. William Donovan** and **Miss Lois Litz** was a select group of photographers. The only new club was the first "high-tech" club, the Rocket Club, consisting of some industrious students and expensive equipment. However, both Gym clubs were absent from the **Colonial,** and the Journalism class blended with the **Town Crier.** In 1966, the Gym clubs were back in the **Colonial.** However, the Y-Teen organization was gone. The Darkroom Club disappeared from the SHS lineup in 1967. Under the leadership of **Mr. George Cote,** the 1968 **Colonial** presented to us the first look at the Math Club, a very successful organization. After 10 years, SHS welcomed back the Biology Club and the Y-teens in 1970. At the same time, the Gym organizations again dropped out. **Mr. Donald Pottle** made great advances when he revived the Photo Club (Darkroom Club) in 1970. The newest club was the Future Nurses Club under **Mrs. Gloria Monopoli. Mr. Kaminski** formed a Geography Club in 1972. Missing from the **Colonial** in this year were the Y-Teens and the Science Club. **Mr. Munzner** tried his hand at advising a club in 1972: the Ski Club. Again, the unstable Biology Club was no more, and the long-time Homemakers Club also disappeared. The athletes now had a place to go at SHS, thanks to **Mr.**



__Michael Kleminich__, __Mr. Thomas Nault__, and __Mr. Dennis Hursey,__ who formed the Letterman's Club in 1973. SHS finally received direct communication with the School Committee in 1973 with the initialization of the Student Advisory Council. In 1976, the Ski Club was gone, but the Chef's Club, with the help of __Arthur Patterson__ was again among the living. The French Club had now burgeoned into an foreign language club, FIGS. The Student Advisory Council was present in the 1977 Colonial, and a new Stamp Club was founded, __Mr. Ralph Yagjian__ advisor. A Pep Club was formed in this same year. The RSAC (Regional Student Advisory Council) became known in the 1978 __Colonial__, but the Stamp Club had already been licked. 1979 was nearly as uneventful a the previous year except that an attempt was made at an Amateur Radio Club . . . needless to say it did not last long.

The 1980's saw the demise of the Rocket Club for prices were soaring sky high, and Spirit committee under __Mr. Hochstein__ replaced the Pep Club in 1981. The only changes over the 1982 and 1983 seasons were the additon of the Medical Services Club, and a unique organization under __Mr. Jeff Robbins,__ Gymcraftics. 1984 was the first year for two new clubs, the Cribbage Club and the Table Tennis Club. The Cribbage Club is advised by __Mr. John Brunell.__ The Table Tennis Club was founded by __Mr. Terrace Bulger.__

No club is worthless if there is an interest, and for the last 25 years at Shrewsbury High School, there certainly has been that! In 1984, SHS was proud to have well over 20 clubs.

BLUE-GOLD FORUM — STUDENT ADVISORY COUNCIL

The SAC consists of five students who are elected in May of each year to represent the views of the entire student body. The SAC meets regularly with the School Committee to voice student concerns and the present proposals. Throughout the year the SAC meets with administrators, teachers, and students to react to school problems and help formulate solutions aimed at improving conditions within the high school.

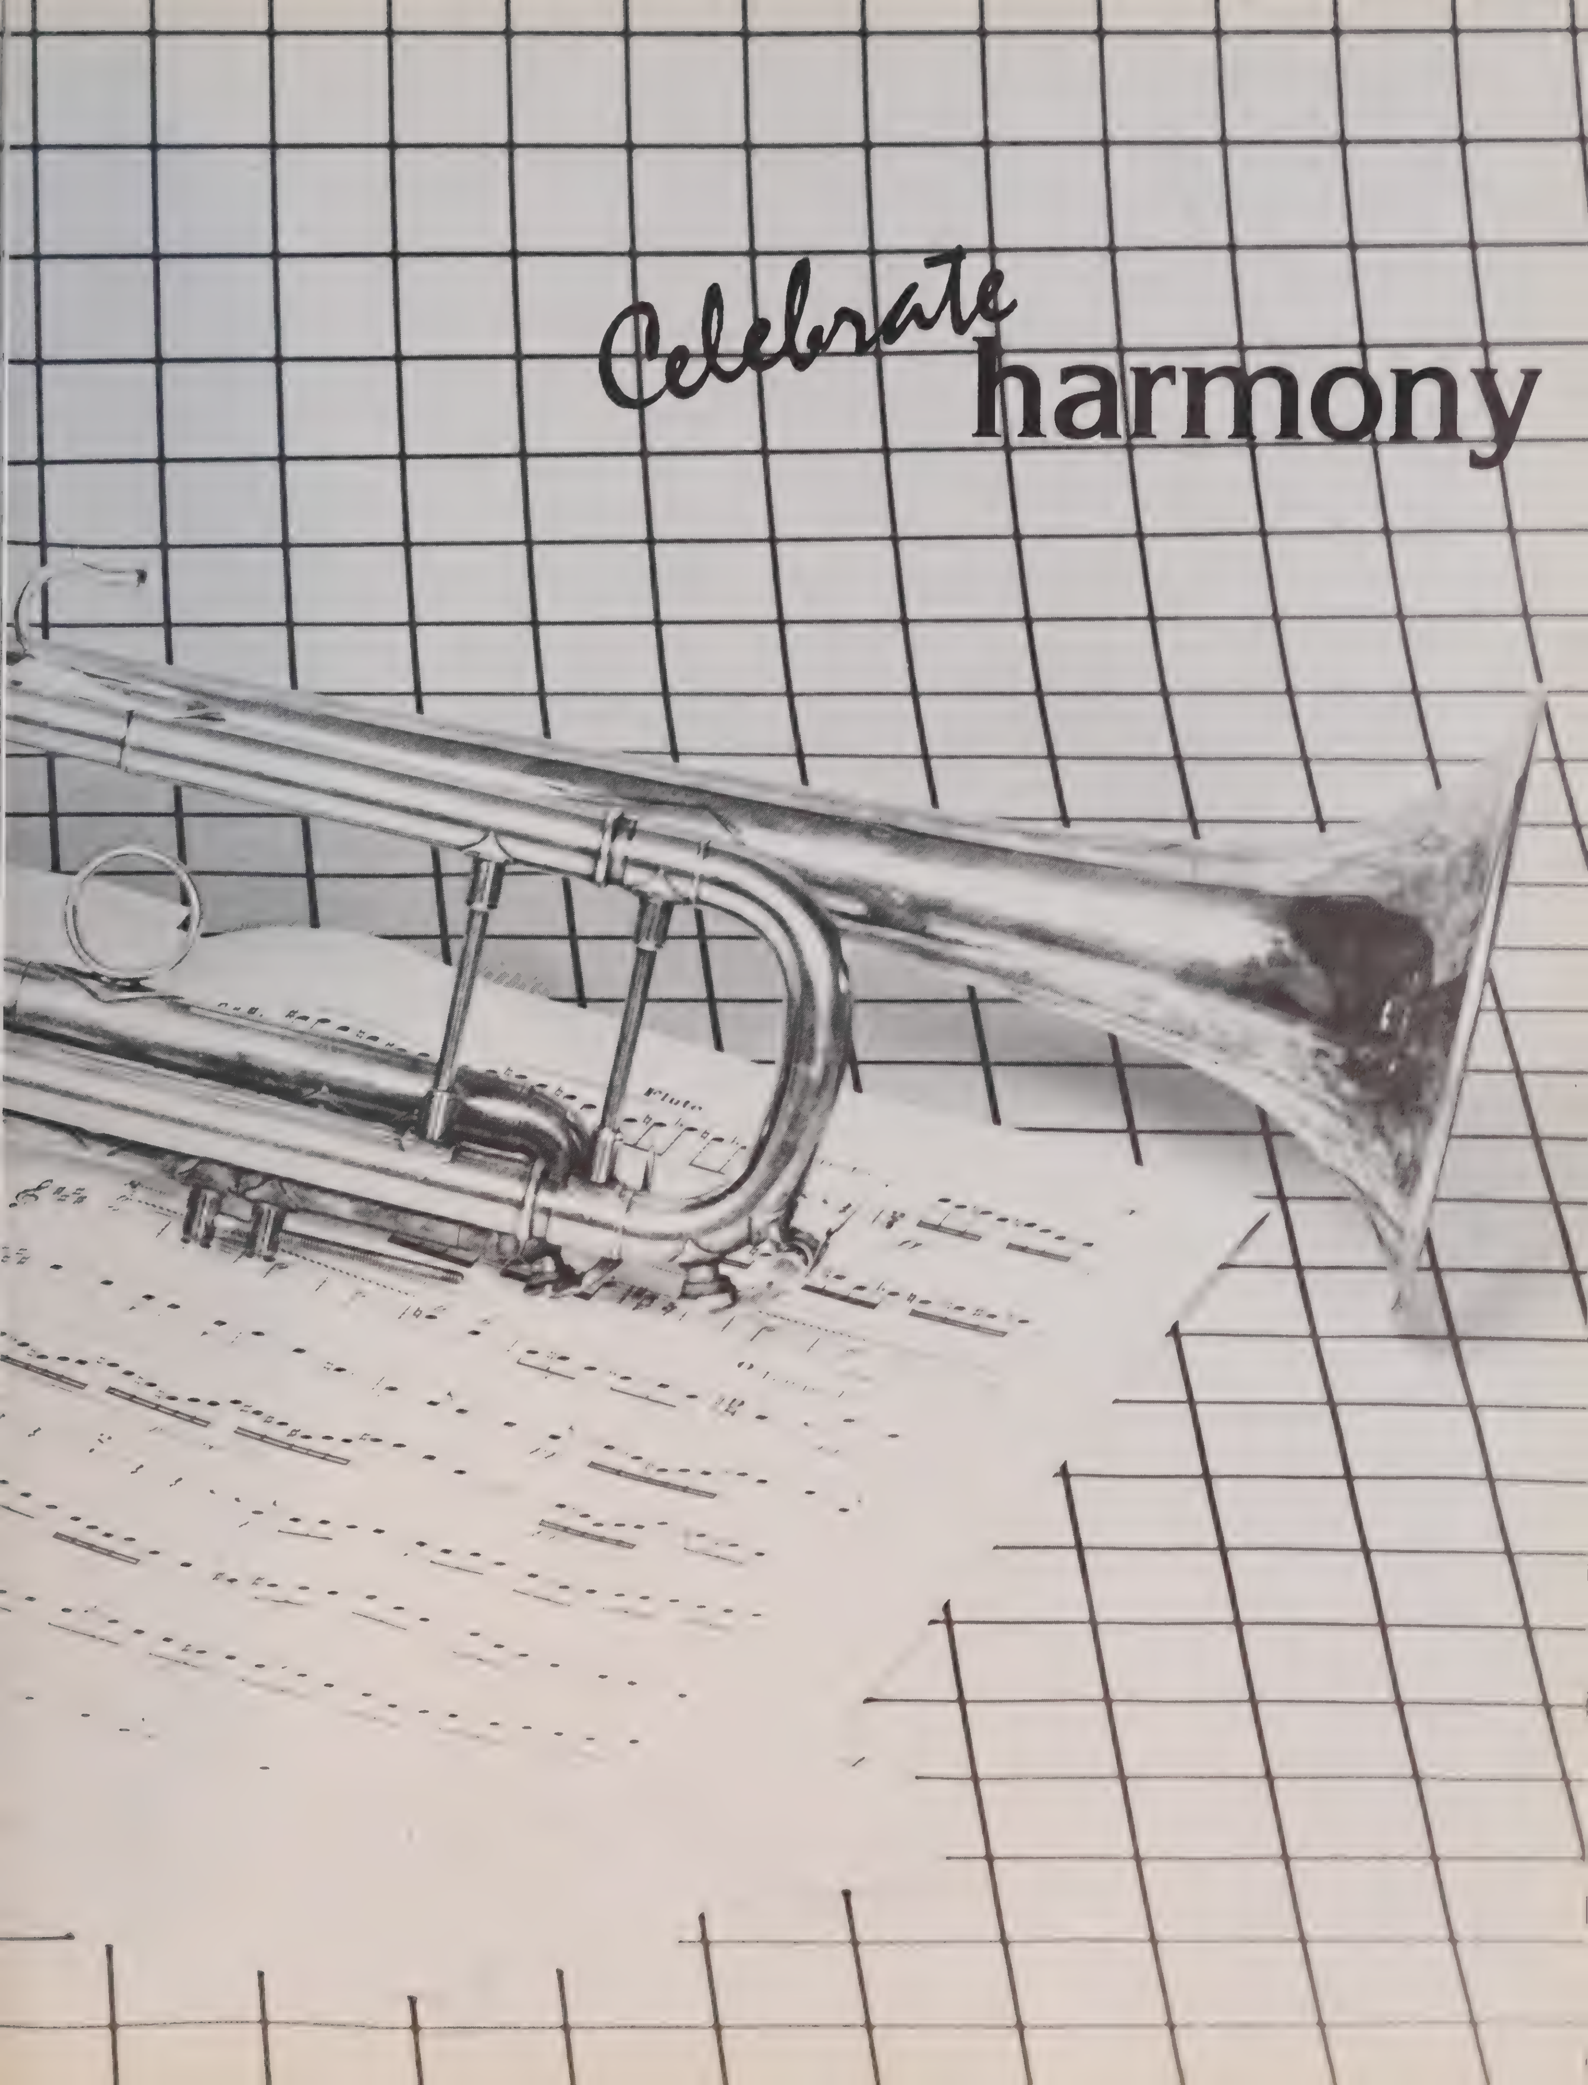
Celebrate harmony



A four year stint through high school would cause a student unrest if it were not for the other miscellaneous activities available. Clubs, shop classes, art, and music all make high school bearable.

It is said that music is a universal language, and if that is so, our school is on excellent speaking terms with the world. Throughout Shrewsbury High School's history, many forms of music have been a constant pursuit for numerous students. Whether through vocalizing or instrumentalizing, SHS corridors have long echoed the sound of music.

The 1959 **Colonial** boasted a thriving 50-piece band which played a dual function. It acted as marching band, responsible for increasing spirits at football games, as well as performing as a concert band. Lorne Ford acted as directer of this organization and was to play a major role in the music program for many years to come, for he acted as music director for the entire town. The vocal group in 1959 was not known as the choir as it is now. The Glee Club under Mr. Louis Vella performed in public and for school assemblies, much as they do now. No mention of our now renown orchestra was made in 1959. In this year, however, was the fine organization which aided in band activities, the Majorettes. The October issue of the **Shrewsbury Times** revealed that even 25 years ago, music students were obligated to awaken unusually early on one Saturday morning for the annual music fund drive, a tradition which lingers on today. Other major events of 1959 included the Christmas concert on December 16, the first time that this reoccurring event took place in the Shrewsbury High School. District competition is a good chance for the outstanding musicians at SHS to stand out, and in 1959, Shrewsbury was host for this event, as it was this past year, 25 years later! (ooooooh). But enough of this reminiscing, for 25 years of productive musical activity was to follow.

Because competition in the Central District music program is now extremely fierce, few students qualify for the honor. However, in 1960, most of the SHS Band participated in the annual event. Also this year, the Glee Club acted as host for the All District Concert, and 7 students from SHS were members of this elite organization.

Although the orchestra had been in existence since 1954, it first received its acclaim in the 1961 **Colonial**, with Mr. Robert Narducci in control of the baton. This fine organization traveled to Lunenburg to participate in the annual Music Festival, and also

played for graduation and class day ceremonies. The band, through hard work and devotion to the Saturday fund drives, bought new uniforms, a major event for any performing group.

The first change to affect the SHS music department in many years was the absence of Mr. Robert Narducci in 1965. Lorne Ford continued as head of music and replaced Mr. Narducci as the orchestra leader. Our very own Mr. Ralph Metcalf first appeared at SHS in 1966 as leader of the

orchestra, a job which even now he maintains. 1967 was the first year in which SHS had a stage production "Trial by Jury," an operetta, however, not a Broadway musical as we now have. Although Mr. Vella has been involved in SHS's music department for over 25 years, he took a short leave in 1968 at which time Mr. James Osmun acted in his place. When Mr. Vella returned, he replaced Lorne Ford as Department head and Band Director and also was the leader of the newly formed A Cappella Choir. The void left by Mr. Vella in the Glee Club was filled by Mr. Jack Feldheimer, thus completing the present music faculty line-up for the SHS Music Department. 1969 also marked the first year that musicals became a yearly production, with "Oklahoma" being the first.

The 1970 **Colonial** mentioned for the first time the presentation of a musical at SHS. "My Fair Lady" was the second of many high-quality productions to appear on the High School's stage. These yearly musicals welcome the entire student body to perform, and each year, more students discover the thrill of acting. The Glee Club was presented with a more distinguished title in this year: the Concert Choir.

Looking through the **Colonial** yearbooks from the seventies, few changes occurred in the Music Department. However, in 1978, music became such a major part of high school life that it had its own yearbook section, no longer being just another activity. Joining the already established groups at SHS, the Jazz Band, the Flag Corps, and the Color Guard had made their debut in the Colonial in this year.

Few schools offer these music related activities as full-fledged classes, meaning credit and grades are given as in any academic class. Yet these groups offer more. Band/Orchestra trips and exchange concerts have proved to be fun as well as a good learning experience for those who participate. This tradition continues, as SHS visits Washington D.C. in 1984. Some students through the years have continued their interest in music by becoming professional. The most recent example is Michael Abraham, Class of 1982, who is now a jazz saxophonist. The lesson to be learned from all this is that high school can be as enjoyable as it is educational. Though music is not the only outlet for expanding personal qualities and interests, surely no student who has participated in one way or another has regretted his involvement.

CELEBRATION!

"I want a HEADMASTER !"

"And we want . . . "

"All I want is my leather chair . . . "

"Flexible schedule, extended day . . . "

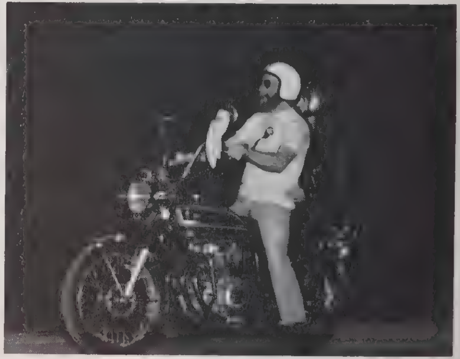
"CELEBRATION," Shrewsbury High School's first Faculty-Student musical review, was held November 18th and 19th, and commemorated the past 25 years of Shrewsbury High School through skits of song and dance. The writers were Tess Sullivan-Daly, Ann Moreschi, John Hodgen, and Kevin Rose. The Superintendent, Dr. Collins, was God, and the School Committee his angels. Members of the faculty and the student body made up the cast.

And God summoned his angels

Where's the free coffee ?

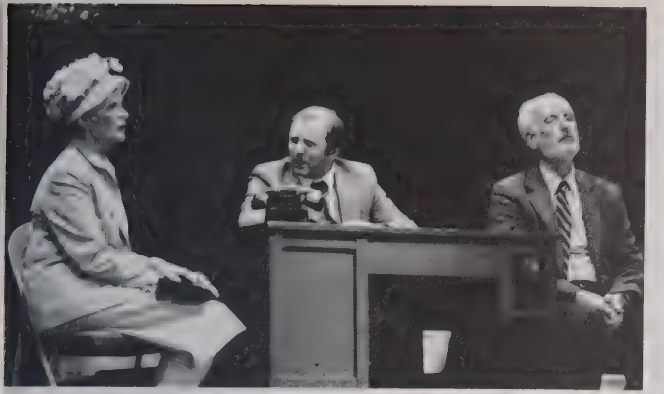
I'm in Heaven

And he was . . . THE COLONIAL, our mascot



"Nah, we're on the FACULTY !

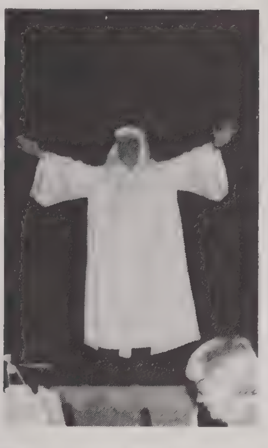
"Tea for two," · our own "Twinkies"



Mr. Ferris talks to a concerned Ward and June

SHS's favorite "bag Ladies"

Hula Hoop Contest



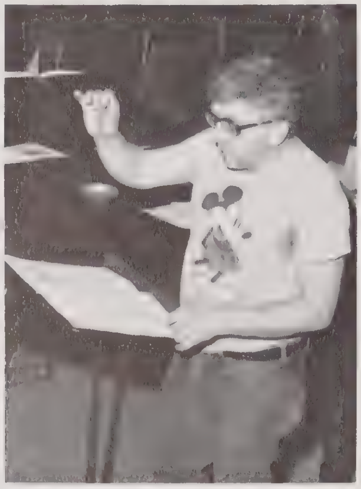
Pottle's Pullets

Dorothy, Mr. Pottle, and "Totally"

A CHICKEN!

OLIVER!

Shall I show them how it's done??



OKAY, A little faster this time . . .

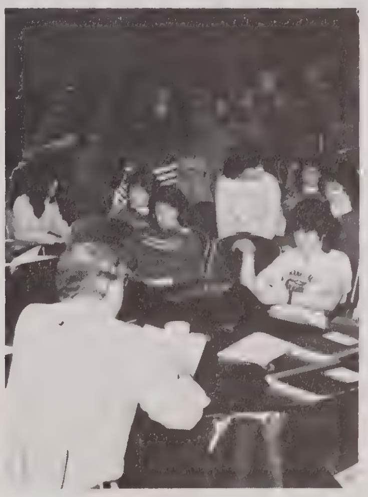
Who will buy my SWEET Chris Sorlie???

What do you mean I have to take a BATH??

Will you MARRY me??

I just WONDAH . . .

What you see is what you get (unfortunately)



Now class . . .

One of our more serious moments!!!!

There are more than 300 ways to be a Marine.

Auto mechanics is just one of the more than 300 job opportunities in today's Corps. It takes skill to learn, and it doesn't come easy. But, like everything in the Corps, you'll learn how to do it right. And you'll have something you can't get anywhere else: the right to be called Marine. See your local recruiter SSgt. John Cipro or call him at 755-1388/793-0473.

Marines

Maybe you can be one of us. The few. The proud. The Marines.

OUR GOALS

SOME PEOPLE SPEND THEIR WHOLE LIVES
DOING
WHAT THEY THINK OTHERS EXPECT, JUST TO
PROVE THAT THEY CAN BE SUCCESSFUL AT IT.
OTHERS
ALREADY ARE SUCCESSFUL BECAUSE THEIR
GOALS AND DREAMS
ARE THOSE THEY SET FOR THEMSELVES.
